## MAFMC and ASMFC to Hold Public Hearings for Bluefish Allocation and Rebuilding Amendment

The Mid-Atlantic Fishery Management Council (Council) and the Atlantic States Marine Fisheries Commission (Commission) are seeking public comment on management options under consideration in the Bluefish Allocation and Rebuilding Amendment. This amendment contains alternatives to:

- Revise the fishery management plan (FMP) goals and objectives;
- Modify the bluefish allocations between the commercial and recreational sectors;
- Modify the commercial allocations to the states;
- Initiate a rebuilding plan;
- Revise the quota transfer processes;
- Revise how the FMP accounts for management uncertainty; and
- Revise the *de minimis* provisions in the Commission’s FMP.

Comments may be provided at any of 5 virtual public hearings to be held between **March 24** and **April 8, 2021** or via written comment until **April 23, 2021**.

We encourage you to visit the Council’s [Bluefish Allocation and Rebuilding Amendment](#) web page or the Commission’s [Public Input](#) web page, where you can read the Public Hearing Document, the Draft Amendment, and watch the public hearing presentation (to be posted by March 12, 2021). The Council’s Public Hearing Document is an abbreviated version of the amendment which summarizes proposed management options and impacts. The Commission’s Draft Amendment is a more comprehensive management document that will resemble the Commission’s final amendment once approved. Both documents contain identical options for public input, but each have been developed according to each management body’s differing requirements. Commenters need only to submit comment on one of the documents. We have also developed a [Quick Reference Guide](#) which provides an overview of the alternatives under consideration in the amendment.

### Virtual Hearing Schedule
