

Maine Aquaculture Plan & TC Recommendations

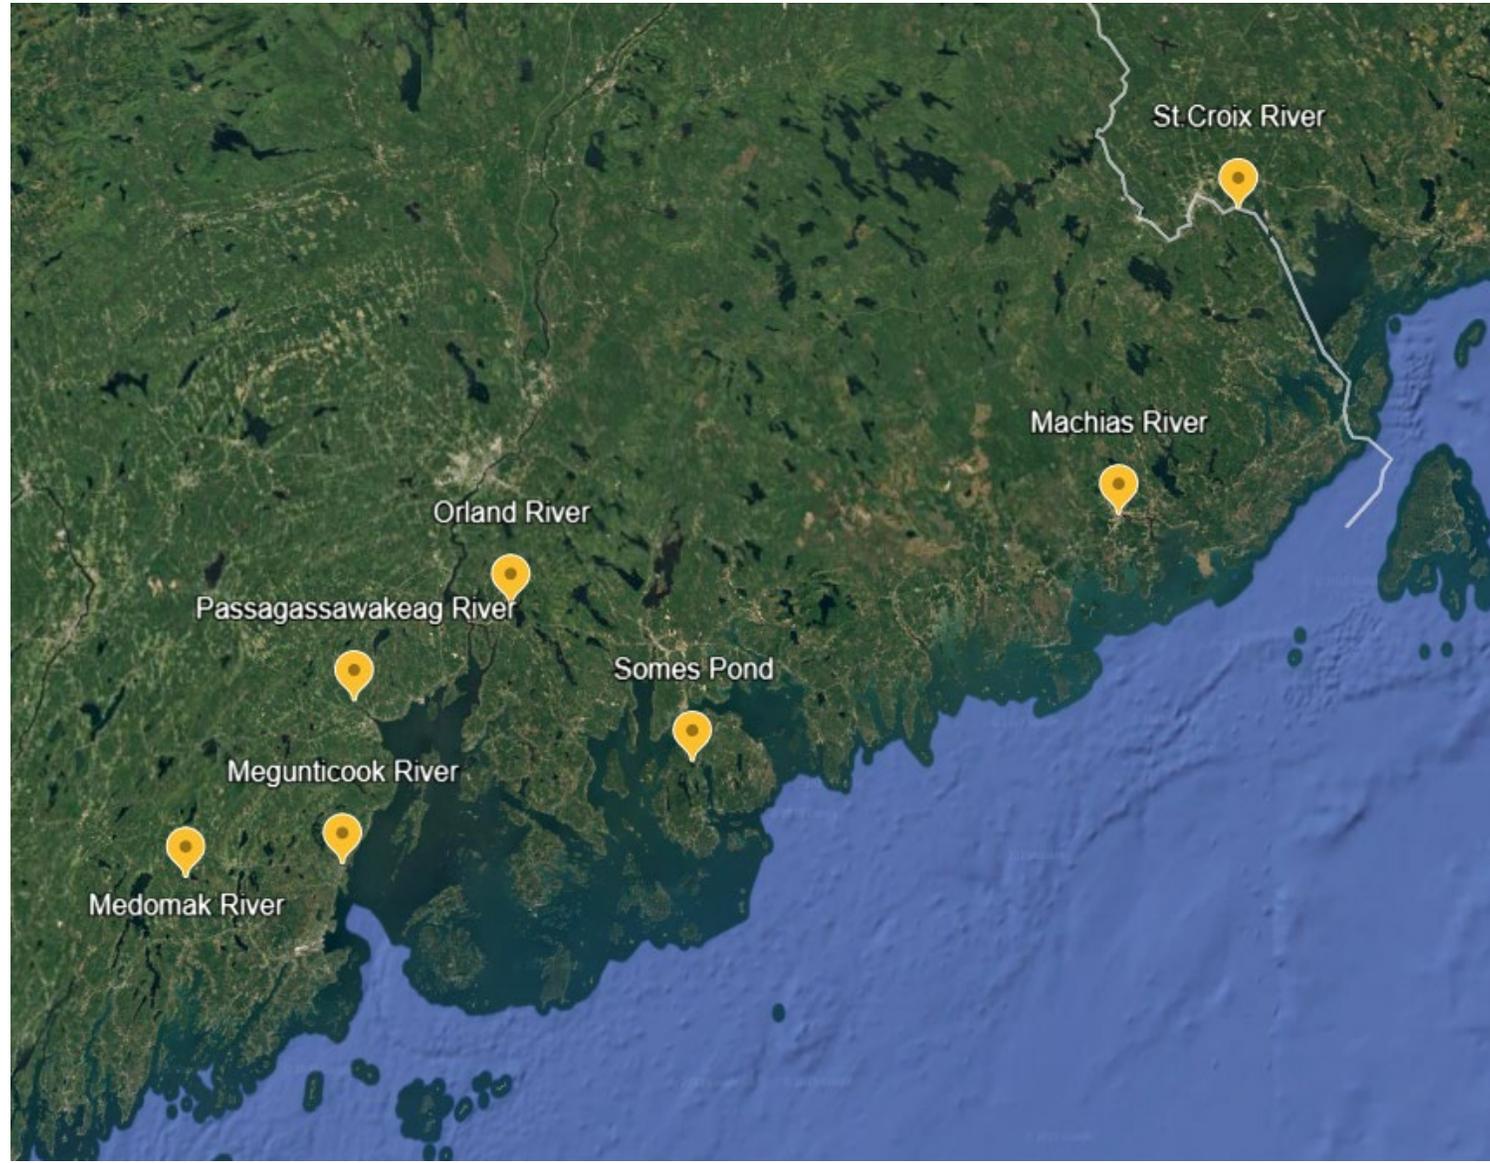

May 5, 2025

Maine Aquaculture Plan

- Maine has utilized aquaculture quota since 2019
- 2025 Summary
 - Slower season
 - Harvest locations: Medomak, Megunticook, Orland, Passagassawakeag, St.Croix rivers, and the Somes Pond Outlet
 - Partnership with new indigenous harvester in the Machias River
- Maine requests 200 pounds for 2026

Year	Pounds
2019	130.5
2020	0
2021	138.91
2022	200
2023	200
2024	200
2025	189.88

- TC recommends Board approval of Maine Aquaculture Plan for 2026
- Noted not all aquaculture harvest sites meet Addendum V criteria
 - Some criteria may not be appropriate for Maine
- Requests Board task TC to review Addendum V site selection criteria for aquaculture harvest
